

## **Roman Catholic Registers**

Shropshire Archives holds copies of registers for many Roman Catholic churches in Shropshire but some are still held by the individual churches (generally 20<sup>th</sup> century onwards).

**Registers less than 100 years old are closed to the public – please refer to a member of Staff for further details.**

### **How to Use this List**

#### *1st Column*

Churches are listed in alphabetical order of parish.

#### *2nd Column*

This lists the **microfiche** copies that are available and are photographic copies of the original records.

Note: These are not on open access due to registers less than 100 years old being closed to the public. Please refer to a member of staff for further information and precise fiche numbers.

#### *3rd Column*

This lists the **transcripts** available. Entries in bold indicate printed transcripts which appear in the volume *Non-conformist and Catholic Registers*. Copies of non-printed transcripts are in the red binders *Transcripts of Non-Conformist Registers in the PRO*, with some second copies in the non-conformist transcripts box.

#### *4th Column*

This indicates dates which are only available as **original documents**. These may be seen in the Search Room on production of a Readers Ticket. Full details will be found in the Catholic Registers lists.
